Abulæ Archetypæ, quarum imitationes hic vi-

AVX ADMIRATEVRS DE L'ART SALVT.

Es Tableaux Originels, dont vous voyez icy les Desseins, ne sont point tous d'vne mes me forme, ni de pareille grandeur; pour cela il nous a esté necessaire de les égaler, pour les reduire a la mesure des sueillets de ce Volume,

& affin de vous les representer soubz vne plus conuenable façon. Si quelqu'vn desire de connoître la proportion des Originaux, il pourra la compasser en conformité des pieds ou paulmes, qui sont marquées aux marges. Les Curieux de scavoir l'estat & la constitution du Cabinet, que S. A. Serme, at dressé à Vienne, auec le nombre des Peintures qui y sont, liront les pages suiuantes, & remarqueront le grand trauail & la longueur du temps que m'auroit cousté de vous les toutes representer; outre que dessa ie suis assez chargé d'années. Mais la retraitte de mon tres-clement Seigneur & Mecenas en Allemagne m'at principalement empesché de poursuiure mon œuure plus auant. Or pour vous donner a connoître en ce Theatre aucunes pieces d'Italie, qui ont esté cy-deuant assemblées dans ledit Cabinet de Vienne (lesquelles ne me sont venues a la cognoissance que par la lettre d'vn mien amy) ie vous en ay voulu icy joindre le Catalogue, qui vous enseignera le nombre quoté a chacune piece, le nom des Maîtres, auec celluy des Statues, &c. Adieu, & iouvssés de mes labeurs aussy fauorablement comme ievous les offre de bon cœur, & souhaitte que vous les receuies de bon gré.

A₂ EX-

Extrait de la Lettre cy-devant mentionnée.

Vant aux Peintures & Raretez de S. A. Serme. ce me seroit chose assez difficile de vous en descrire l'abondance & la diuersité; c'est pourquoy ilme suffira de vous representer succintement la forme des Galeries, & la disposition tant des Tableaux que des Statues qui y sont arangeés. En entrant, on rencontre deux longues Galeries, ou du long de la muraille, qui est sans fenestres, les Tableaux sont penduz en bel ordre: a l'opposite, du costé des fenestres, on admire plusieures grandes Statues, la plus-part Antiques, assises sur des hautes Bases, auec leurs Ornemens; par derriere, soubz & - entre les fenestres, sont posées autres Peintures, plusieures desquelles vous sont incognues. Entre icelles sont six pieces de l'ancien Breugel, qui representent la diuersité des douze Mois de l'Année, auec vn artifice admirable du pinceau, viuacité des couleurs, & ordonnance industrieuse des postures. Celles-cy sont suivies d'autres en grand nombre, trauaillées par differens grans Maîtres, les noms desquels l'ay annoté en la Table suivante. Passant plus outre, les yeux des Curieux se repaissent de la beauté des Paysages, Fleurs, Fruits, & Richesses, que l'Agriculture & la Terre produisent, representez en Tableaux exquis. L'on passe de la en d'autres Sales, Chambres, & Cabinets, ou les Pieces plus rares & de haute estime font monstre des plus subtils chef-d'œuures du pinceau, auec vn merueilleux rauissement des Espris bien entendus; en sorte que les personnes desireuses de contempler a souhait tant de gentilesses, auroient besoing d'vn loisir de plusieures semaines, voire mesme de beau-

coup de mois pour les bien examiner selon qu'elles meritent. En sortant d'icy, on entre en deux autres Galeries, dont la moindre comprend les principaux Desseins des plus fameux Maîtres Italiens & Flamans, crayonnez & elabourez à la plume; mais en la plus grande sont estallées les Pieces plus grandes, selon la proportion du lieu. A cellescy suit vne Sale plus spatieuse, digne d'estre nommée le Palays de Minerue, longue de cent & vingt pieds, large de trente, ou vous pourries veoir les Tableaux d'extraordinaire grandeur, & de plus somptueuse magnificence, depeints pour la plus grande partie par les Peintres du Pays-Bas, qui ont esté en renommée tant au siecle passé, que de nôtre temps, tels qu'ont esté Maître Quintin, Jan Masseys, Ian de Maubeuge, François Floris, Pierre Paul Rubens, Antoine van Dijck, & plusieurs autres. Et pour ne me pas trop arrester en cette Sale (car ie ne vous déchifre tout cecy qu'en passant) nous entrerons dans la Bibliotheque contiguë, & bastie au bout d'icelle, ou nous ne ferons que pasfer, fans nous y arrester non plus. Elle est encores nouuellement construitte, mais si admirable en abondance & richesse de Liures, que mesmes i'aurois crainte d'estre par trop prolixe, en vous specifiant tant seulement le nombre, les noms, les tiltres, & les argumens de ceux qui traittent de nostre art. Il y a plusieurs Volumes de Desseins crayonnez par les plus fameux Graueurs, tant en bois, qu'en cuiure, & grand nombre de curieuses Miniatures, ou Pieces enluminées a l'eau. Mais pour la fin, & pour le plus rare de tout, se presente le Cabinet des Pieces d'Italie, lequel (selon que l'entens) vous ferés bien-tost veoir a tout le Monde, & mettrés en lumiere sur vôtre industrieux & superbe Theatre des Peintures. Icy ie m'arreste & me tais, auec vn grand desir & souhait de contempler en bref la pompe

de votre estude si laborieuse, & d'auoir le contentement d'admirer la nouvelle vie que vôtre Art donnera a ces Peintures. l'accompagne la presente des Pourtraits icy joints, estbauchez par la plus habile main qui se trouue, & grauées en cuiure, l'vn desquels represente la structure & disposition des Galeries au dehors, auec les Statuës; i'en aurois adjouté quelques autres, si la brieueté du temps me l'auroit permis; d'ou vous auries peu remarquer, beaucoup mieux que par ma lettre, la qualité des Pieces Italiennes, dont est augmenté le nombre de celles que S. A. Ser^{ne}, auoit auparauant. Adieu.

A LOS CVRIOSOS EN EL ARTE.

Os Retablos Originales, cuyos Dibuxos aqua feos representan, no son todos de vna misma forma ni tamaño; por esso fuenos menester ygualarlos, y mas conueniblemente ajustarlos a la medida destas planas. Si alguno quiere

saber la proporcion de qualquier Original, el podrà compassarla sobre los pies o palmos señalados en margenes. Los que tienen gana de conocer el estado, constitucion, o compostura de las Salas, Cabinetes, Galerias, y lugares en Viena, adonde su A. Serenissima recogiò sus Pinturas, con el numero dellas, lean las hojas figuientes, y echaran de ver quanto tiempo y trabajo me vbiera costado el dibuxarlas todas , mas en mi edad , ya cargado de años que foy. Sobre los demas estoruos, la partida de mi Clementissimo Señor y Mecenas por Alemania, me quitò la ocasion de perficionar y acabar mi intento. Para daros pues en esse Theatro tantica informacion de algunas Pieças de Italia, que antes ya ajuntaron en los dichos Cabinetes de Viena, y que no llegaron a mi noticia fino por cartas de vn particular amigo mio, aqui he anadido la Lista dellas, con el numero señalado a cada qual, los appellidos de Maestros, los nombres de Estatuas, &c. Quedense con Dios nuestro Senor, y gozen desta obra aprouechandose della con el fauor que merecen mis trauajos.

D.T.

A 2 Tra-

Trasunto de la Carta sobrementada.

Vanto a las Pinturas y otras Raridades de S. A. Serenissima, me seria deficultoso el relataros la multitud, y variedad dellas. Me bastarà referir en pocas palabras la forma de las Galerias, y la disposicion de tantos Retablos y Estatuas alli puestas en orden. Al entrar encontramos dos Galerias, adonde por lo largo de la muralla que es sin ventanas, cuelgan lindamente dispuestos los Retablos; al oposito, donde estan las ventanas; veese gran numero de Estatuas, por la mayor parte antiguas, sentadas sobre Pedestales altos, con sus Ornamentos; atras dellas entre y abaxo de las ventanas, estan puestas otras Pinturas. Entre ellas ay muchas Flamencas que V.S. no ha aun visto, quales son las seys Pieças del Antiguo Breughel, que representan la variedad de otros tantos Meses del Año, con admirable artificio del pincel, viuacidad de colores y conclerto de personajes muy industrioso; a essas siguen otras muchissimas, pintadas por diferentes Maestros famosos, cuyos nombres hallareys en la Tabla siguiente. Passando mas adelante, no se hartan los ojos curiosos admirando la hermosura ricamente pintada de los Paysajes, Flores, Frutas, y Regalos que nos suele produzir la Tierra. De aqui van en otros Aposentos, Salas, y Cabinetes, donde parece que se agregaron los mas raros y ricos Retablos del Mundo, cuya perficion tanto a lo natural acabada tiene atonitos y suspensos los ingenios mas sutiles en el Arte, a quien no bastarian muchas semanas, ni aun meses, para saciarse en la atenta especulacion que merecen tantas gentilezas. En saliendo de aca, se entra

en

en otras dos Galerias; la menor dellas contiene los mas esquisitos Dibuxos de famosos Maestros Italianos y Flamencos, bosquejados y labrados con la pluma. En la mayor estan compuestas las Pieças mayores, segun la proporcion del lugar. A esta sigue vna Sala de mayor capazidad, que se puede dezir Palacio de la Diosa Minerua, larga de ciento y veinte pies, ancha de treynta, adonde parecen los Retablos de tamaño extraordinario, y de magnificencia mas funtuosa, los mas dellos pintados por Flamencos, que tuuieron fama en los siglos passados, y en el nuestro, como fueron el Maestro Quintin, Juan Masseys, Juan de Mabuge, Francisco Floris, Petro Paulo Rubens, Antonio van Dijck, y muchissimos otros: y para no detenerme demasiado en esta Sala (pues no refiero todas essas cosas sino passando con priessa) entraremos en la Bibliotheca pegada, edificada al cabo de dichas Galerias, adonde no nos detendremos tampoco; poco ha que la edificaron, però tan admirable, y tan rica de Libros estimados, que yo temiera ser prolixo en relatar solamente los nombres, el numero, los titulos, y argumentos de los Tomos que tratan de nuestra Arte. Alli se hallan muchos Libros de Dibuxos, bosquexados de la mano y pluma de los mas famosos Escultores en madera y laminas de cobre, con grandissimo numero de Pieças iluminadas al agua. Al cabo, y por lo mas raro de todo, se ofrece la Sala de los Retablos Italianos, cuya riqueza, segun oygo, saldrà presto a luz en Vuestro magnifico y hermoso Theatro de Pinturas. No passo mas adelante, y callo, con desseos de ver presto las grandezas de vuestro trabajo, y de admirar los alientos de nueua vida, que V. S. dara a essas Pinturas. Juntamente a esta embio essos Retratos, bosquexados por la mas abil mano que se puede hallar, y esculpidos en laminas; el vno dellos repre- A_3 **fenta**

senta la situacion, y el edificio de afuera de las Galerias, con sus Estatuas. Añadiria otros, si la breuedad del tiempo me diera lugar; con estos podria V. S. ver mucho mas a lo claro, que no con mis cartas, la calidad de las Pieças Jtalianas nue-uamente cobradas por su A. Serenissima. Adios.

Copije eens-deels vanden voorghemelden Brief.

MOo veel belanght de Schilder-Camer van sijne Doorluchtichste hoogheyt, svvaer soude t'vvesen de verscheydentheyt der selve, ende menichvuldicheyt uyt te drucken; t'sal my ghenoech sijn in t'cort voor ooghen te stellen de ghesteltenisse der Galerijen en den schick der Stucken in de selve. Daer vertoonen haer eerst in t'incommen dry lanckverpe Galerijen; op vvelcker blinde muren sietmen hanghen de Schilderijen; teghen over dese tusschen de vensters sijn gheplant op hooghe Pedestalen met haere Cieraten groote, meest Antike staende Beelden; achter-vvaert tusschen de vvelcke, onder en tusschen de vensters noch andere Schilderijen sijn ghehecht; onder de vvelcke (meest V.E. onbekent) sijnder ses vanden ouden Breughel seer aerdich uytdruckende ses maenden vanden jaere met hunnen byhanck van verscheyde actien ende figuren. Naer dese volgender meer andere van verscheyde Meesters vvelcker namen ende ghetal inde megaende tafel aengevvesen vvort. Voorts sietmen vervolghens de Blomstucken ende Landschappen seer aerdich uyt-druckende alle Bloetselen ende Aensichten der aerde, Van daer dan gaetmen naer andere binne-saletten, in vvelcke noch costelijckere ende selsamere Stucken haer vertoonen; vvelcke men al op veele vveken jae maenden niet en foude connen genoechfamelijck doorsien naer eysch van vveerdicheyt ende conste derselve, naer dese volghen tyvee andere Galerijen van vvelcke deminste begrijpt de principale Teeckeninghen vande voor-naemste Schil-

Schilders van Italien ende Nederlandt, met de penne ghemaeckt. Maer de grootste vertoont oock grooter Stucken van Schilderijen. Door dese comtmen in een groote Sale, vveerdigh om genoemt te vvorden het hof van Pallas Goddinne der Consten, midts dat sy groot vvesende van 120. voeten in lenghde ende 30. in breede heeft overgroote constighe Stucken, 't meesten-deel van Neder-landsche Schilders van dese ende de voorgaende Eeuvve, als sijn van Quinten, Ian Masseys, Jan Maubeuge, Frans Floris, Pet. P. Rubens, Antonis van Dijck ende meer andere. Ende om hierniet langher te blijven mits ick alleenelijck dit al overloope, comme ick inde Boeck-Camer, aen dese Sale inden haeck ghebaut, inde vvelcke ick oock niet blijven en sal. Dese is noch nieu in't vergaderen der boecken; soude nochtans gheen eynde vinden, vvilde ick de selve bysonderlijck aen V. E. beschrijven. In dese sietmen menighe teeckeningen vande vermaerste haut en kopere plaet-snijders, alderhande constighe maecksels, verscheyde aerdighe miniatuer stuckskens. Maer voor het leste ende het beste volght de Italiaensche Schilder-Camer, vvelcke ick verstaen, dat van uvve constige handt geteeckent ende in coper doen snijden, met den eersten int licht comen sal. Eynde met den vvensch ende begheerte van dese haest te moghen aenschouvven met ghenoeghen ende vervvonderen van't leven datse vveder van uvve Conste heeft ghekreghen. Hier by voeghende dese Beelden al-hier op't beste dat moghelijck vvas, gheteeckent ende in't Coper ghesneden, van vvelcker een, verthoont de buyten ghesteltenis der Galerijen met haere staende Beelden; Meerdere soude ick daer by hebben ghevoeght, hadde my den tijdt toeghelaeten de selve te vergaderen, uyt welcke V. E. beter A 3 als

als uyt dese mijne brieven soude hebben konnen bespeuren hoedanighe stucken, aende antike Italiaensche by ghekomen zijn. Vaert wel.
